

## Re.: Environmental Labelling of Packaging

In compliance with Legislative Decree 116/2020 and EU Directives on packaging waste, we provide below the nature of the materials used in the packaging of our deliveries.

Type of packaging	Material	Codification / Decision 97/129/CE
BKS staples	Metal - Steel	FE 40
Caps in pre-cut neutral polyethylene	Plastic - Low density polyethylene	LDPE 04
Cardboard L-shaped corner protectors	Non-corrugated cardboard	PAP 21
Cardboard corner protectors	Corrugated cardboard	PAP 20
Cardboard tubes	Recycled paper	PAP 21
Corrugated cardboard box	Corrugated	PAP 20
Expanded Polystyrene	Plastic - Polystyrene	PS 6
Expanded Polystyrene	Plastic - Regenerated polystyrene foam	PS 6
Multicell	Plastic - Low density polyethylene	LDPE 04
Non-corrugated cardboard boxes	Non-corrugated cardboard	PAP 21
Pluriball sheet (for samples)	Plastic - Low density polyethylene	LDPE 04
Polyester strapping	Plastic - Composite	7>R PET 1+EVAC/EBAK 7<
Polyester strapping	Plastic - Polyethylene terephthalate	PET 01
Polyethylene L-shaped corner protector – <i>in elimination</i>	Plastic - Low density polyethylene	LDPE 04
Polyethylene film	Plastic - Low density polyethylene	LDPE 04
Polyethylene strapping	Plastic - Low density polyethylene	LDPE 04
Polypropylene corner – <i>in elimination</i>	Plastic - Polypropylene	PP 05
Polypropylene honeycomb	Plastic - Polypropylene	PP 05
Protecting adhesive film	Plastic - Low density polyethylene	LDPE 04
Protecting adhesive film for PF products	Plastic - Compound	>LDPE +PP<7
Steel strapping	Metal - Steel	FE 40
Wooden pallets/Wooden crates/Strips	Wood	FOR 50
