Circ. n.11 – Decoratives not PEFC certified

We would like to inform you that, due to variations in raw material certifications, some decoratives and/or collections will no longer be available with **PEFC** certification.

However, we confirm the possibility of supplying these items with **FSC Mix Credit** or **FSC CW** certification.

Furthermore, we are pleased to inform you that the new decoratives ROCKS and METAL EFFECT, see our circular nr.10 of 10/6/25, can be supplied with **FSC Mix Credit**, **FSC CW**, and also **PEFC 100%**.

(This circular cancels and supersedes the previous one, nr.04 of 23/02/2023, concerning the same subject matter)

Code	Decorative	Collection

Various	various	Full Colour **
---------	---------	----------------

* *Decor to be discontinued as of 01/01/2026*

** *The **Full Colour** typology must be assessed based on the certification of the raw material currently in stock. Therefore, it is necessary to check with the CoC Manager, **Laura Delsoglio**, before confirming the order as **PEFC 100%**.*

Thank you for your attention. We remain at your disposal for any further clarification
