

29 January 2025

Circ. nr.2 – **MEG COLLECTION 2025**

MEG Collection evolves with **13 new decorative proposals**, continuing to stand out as a product that seamlessly combines design and functionality.

It offers and increasingly up-to-date selection in line with the contemporary design trends and market demands.

The MEG range is renewed through a careful process of updating and evolving the collection:

- **A selection of 6 new entries**, will enhance our range with fresh and innovative design.
- **7 proposals** where some discontinued decorative have been replaced with new options in similar shades.
