HPL Finish Guide

FINISH SPECIFICATIONS · STOCKED IN NORTH AMERICA

SCAN TO VIEW FINISHES

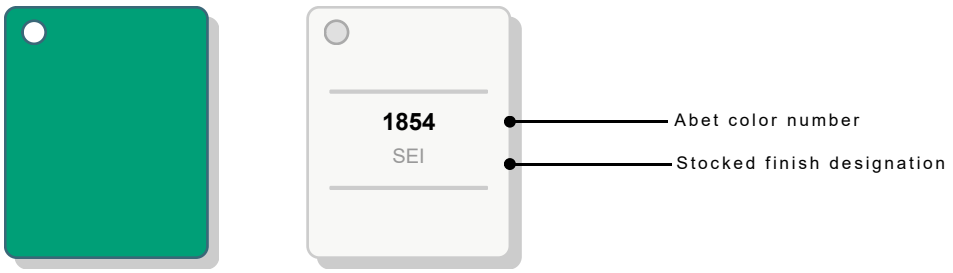

Abet Laminati HPL is available in a curated selection of stocked finishes for North America. Each sample chip is identified by its Abet decor number and stocked finish designation. Decor names are available at na.abetlaminati.com.

Decors stocked in multiple finishes are represented by individual chips for each finish. Any decor specified in a non-stocked finish is available as a custom order. Reach out to your local representative for lead times and minimum order quantity if a non-stocked finish is needed.

STOCKED SHEET SPECIFICATIONS

Sheet Size	51" × 120"
Standard Laminate	.035" thickness
Full-Color Through Core	.039" thickness

HOW TO READ YOUR SAMPLE CHIP

FRONT BACK

Each stocked color may be represented by multiple chips — one per available stocked finish.

STANDARD FINISH

FINISH	SURFACE CHARACTER
SEI	Our iconic standard matte finish

SPECIALTY FINISHES

FINISH	SURFACE CHARACTER
AQUARAMA	Structured, compact wood essence
CLIMB	Slightly corrugated evoking natural stone
CROSS	A special horizontal wood look
GEO	The three-dimensional aspect of stone with a light rippling effect
GRAINWOOD	Natural woodgrain with glossy + matte successions
HOLZ	Irregular lines create a dynamic sense of movement
LUCIDA	Bright gloss finish (also dry erase)
MICROLINE	A multitude of fine vertical lines
MILLERIGHE	Full-bodied horizontal lines
MORBIDA	Matte metal-inspired effect
NUTSHELL	Irregular sequence of discreet incisions
PAPIER	Inspired by the tactile properties of paper
ROOT	Firm wood essence
SATINATA	A gently shimmering surface inspired by metal
SEI DUE	Versatile matte effect that reads like veneer
SOFT	Sophisticated low sheen
VELWOOD	Tactile softness with the visual depth of natural wood

PREMIUM FINISH

FINISH	SURFACE CHARACTER
POLARIS	Deep matte, soft to the touch, fingerprint resistant

Non-stocked finishes are available as custom orders. Reach out to your local representative for more details.
